Notice of Workshop to Solicit Comments on Proposed Regulation

The Department of Motor Vehicles (DMV), Research and Project Management Division, 555 Wright Way, Carson City, NV 89711 is proposing to amend various chapters of the Nevada Administrative Code. A workshop has been scheduled for the following date and time:

Thursday October 15, 2026 at 3:00pm
Nevada Department of Motor Vehicles
555 Wright Way, 1st Floor Conf. Rm.
Carson City, NV 89711

The purpose of the workshop is to solicit comments from interested persons on the following general topics that will be addressed in the proposed regulations. These regulations are proposed pursuant to the issuance of Governor Lombardo's Executive Order EO 2026-003, requiring state agencies to review regulations under their enforcement purview for opportunities to streamline, clarify or remove regulatory provisions. (Authority: Executive Order EO 2026-003, NRS 481.051{3}[c]).

AGENDA

1. Open Workshop/Call to Order
2. Items for Consideration
 - A. Description of workshop process
 - B. Description of intent of regulation(s)
 - C. Solicitation of public comment on proposed regulations
3. General Public Comment
4. Close Workshop

In addition to the physical location of the meeting at the Carson City office, the workshop will be able to be joined via Microsoft Teams by phone or over the Internet, using the login information below:

Thank you for planning to attend this Teams meeting.

Notes: Items on the agenda may be taken in a different order than listed. Two or more agenda items may be combined for consideration. An item may be removed from this agenda or discussion relating to an item on this agenda may be delayed at any time.

No action will be taken on these items during the public workshop. A period of public comment will be allowed after each item on the agenda. Public comment may be limited to three minutes per speaker and will not be restricted based on viewpoint. Members of the public are encouraged to submit written comments for the record. Due to time considerations, the duration of the workshop may be limited. Reasonable efforts will be made to accept testimony from all participants.

Reasonable efforts will be made to assist and accommodate physically disabled persons desiring to attend the meeting. Please call the contact number listed in this notice so that advance arrangements for attendance may be made.

Supporting material will be available at the workshop and from Martin Hefner at the DMV. Anyone desiring to submit their comments or obtain additional information is invited to call: (775) 684-4773 or send an email to mhefner@dmv.nv.gov.

DRAFT Copy of Regulations Language Draft for Consideration

Explanation: Matter in ***bold italics*** is new material; matter in ~~red~~ is material proposing to be omitted.

Purpose: To adopt revisions to regulations, per Executive Order EO 2026-003, requiring state agencies to review regulations under their enforcement purview for opportunities to streamline, clarify or remove regulatory provisions, and other matters properly relating thereto.

Authority: Governor's Executive Order EO 2026-003; NRS 481.051(3)[c].

Section 1. The Nevada Administrative Code (NAC) is hereby amended by adding thereto the following new language, sections 2-6 inclusive.

Section 2. NAC 482.120 False, deceptive or misleading advertising prohibited. ([NRS 482.160](#), [482.351](#)) No person licensed under the provisions of [chapter 482](#) of NRS, or any agent or employee of that person, may publish, disseminate, display or cause directly or indirectly to be used, published, disseminated, displayed or made in any newspaper, magazine or other publication, by any radio, television, ***electronic***, or other advertising medium or any other advertising device, or by public outcry, proclamation or declaration, or any other manner or means or method, but not limited to solicitation or dissemination by mail, telephone or door-to-door contacts, any statement which is known, or through the exercise of reasonable care, should be known to be false, deceptive or misleading, in order to:

1. Induce any person to purchase, sell, lease, dispose of, utilize or acquire any ownership, title or interest in any vehicle or to enter into any obligation or transaction relating thereto; or
2. Include such a statement as a part of a plan or scheme which intentionally misstates the cost or price of a vehicle for the purposes of producing an erroneous belief by any person that the actual cost or price is the same as stated in the advertisement.

Section 3. NAC 482.130 Accuracy of advertising. ([NRS 482.160](#), [482.351](#))

1. Any advertised statements and offer for the sale or lease of a specific vehicle indicating the condition, equipment and price of the vehicle and the terms of the sale or lease must be clearly set forth and based upon facts. Such an advertisement must clearly indicate that only one vehicle is being offered for sale or lease. The vehicle must be identified by the year and make of the vehicle and by no less than the last six digits of the vehicle identification number or by stock number.
2. An advertisement for vehicles which have the same make, model, year and price and are similarly equipped is not required to list a stock number or the last six digits of the vehicle identification number for each vehicle if the advertisement includes the make, model, year and

price of the vehicles. If the number of vehicles which are advertised is limited, the advertisement must state the number of vehicles which are available at the advertised price.

3. An advertisement must not present information that is erroneous or misleading regarding which vehicle or vehicles are being offered for sale at the price or prices indicated in the advertisement.

4. If an advertisement includes the terms of the sale of a vehicle:

(a) The terms of the sale must not be presented in a misleading or inaccurate manner; and

(b) Any provision which qualifies the terms of the sale must be:

(1) If the advertisement is a printed *or electronic* advertisement, printed in at least 8-point type in a type face that can be read without extra effort; and

(2) Except as otherwise provided in this subparagraph, located in close proximity to the terms of the sale that are qualified. If the qualifying provision is not so located, the advertisement must clearly indicate that part of the advertisement that contains the qualifying provisions.

5. The price and terms of the sale included in an advertisement must remain available until the vehicle is sold, unless a date of expiration is included in the advertisement.

Section 4. NAC 482.350 Time to pick up plates. (NRS 482.160, 482.3667) The Department will notify, by mail *or through electronic means*, a person who has applied for personalized prestige license plates when the license plates are available to be picked up. The applicant has a period of 60 calendar days after the date on which this notification is sent to pick up the license plates from the Department. If the applicant fails to pick up the license plates within the 60-day period, the Department will destroy the license plates.

Section 5. NAC 482.910 Suspension of registration for driving under influence of intoxicating liquor or controlled substance: Duties of Department; reinstatement of registration; issuance of replacement plates. (NRS 482.160, 482.451)

1. Upon receiving a copy of an order issued by a court pursuant to NRS 484C.520, the Department shall send a written notice of suspension by certified mail *or electronic means*, return receipt requested, to the person whose registration of a motor vehicle will be suspended at his or her last known address. The notice must:

(a) Be provided for each motor vehicle for which a court has ordered the Department to suspend the registration;

(b) Set forth the effective date of the suspension; and

(c) Include a statement that informs the person to whom the notice is sent that, pursuant to NRS 482.451, he or she is required to return to the Department immediately the certificate of registration and the license plates of the motor vehicle.

2. Upon the return of the certificate of registration and the license plates to the Department, the Department shall:

(a) Remove the annual renewal sticker from the license plates and return the license plates to the person whose registration of a motor vehicle is suspended;

(b) Indicate on the record of the person that the certificate of registration and annual renewal sticker have been returned to the Department; and

(c) Destroy the certificate of registration and annual renewal sticker.

3. After the period of suspension has expired, a person whose registration of a motor vehicle was suspended pursuant to NRS 482.451 and who wishes to have the Department reinstate the registration must:

(a) Pay the fee for reinstatement prescribed in subsection 11 of NRS 482.480; and

(b) Present, in person, the license plates of the motor vehicle to the Department.

4. The Department shall, at no charge, issue a duplicate certificate of registration and annual renewal sticker to a person who complies with the provisions of subsection 3 unless:

(a) The registration of the motor vehicle has expired; or

(b) The registration of the motor vehicle is suspended for another reason.

5. If the registration of a motor vehicle that the Department suspended pursuant to NRS 482.451 is not reinstated within 18 months after the date of expiration of the certificate of registration, the Department may, pursuant to NRS 482.2715, issue replacement license plates which bear the same codes as the license plates of the motor vehicle for which the registration was suspended.

Section 6. NAC 482.913 Rescission and cancellation of registration of vehicle emitting excessive fumes or smoke. (NRS 482.160, 482.460)

1. Upon the receipt of a citation or notice of violation issued with respect to a vehicle emitting excessive fumes or smoke in violation of subsection 2 of NRS 484D.415, the Department will send a notice of violation by certified mail *or electronic means*, to the last known address of the registered owner of the vehicle informing him or her that if, within 30 days after the date of issuance of the citation or notice, he or she fails to provide to the Department, as specified in subsection 2, proof of the correction of the condition for which the citation or notice was issued, the Department will rescind and cancel the registration of the vehicle in accordance with NRS 482.460.

2. Proof of the correction of the condition for which a citation or notice was issued must consist of:

(a) A visual inspection of the vehicle performed by a qualified employee of the Department at a facility operated by the Department; or

(b) Written proof of the correction which is set forth on a form sent to the registered owner by the Department and which is completed by a peace officer employed by a law enforcement agency in this State.

3. If the registered owner of the vehicle, within 30 days after the citation or notice was issued, fails to provide to the Department, as specified in subsection 2, proof of the correction of the condition for which the citation or notice was issued, the Department will rescind and cancel the registration of the vehicle in accordance with NRS 482.460.
