The meeting will also be streamed to the Red Rock Conference room at the Las Vegas Nevada Division of Environmental Protection (NDEP) offices, located at 375 East Warm Springs Road. The purpose of this meeting is to receive comments from all interested persons regarding the information listed on this notice and the meeting agenda. The following information is provided pursuant to the requirements of Nevada Revised Statutes (NRS) 233B.0603.

Request for Variance - Star Point Trading MHP RV Park

Background:

The Nevada Division of Environmental Protection's Bureau of Safe Drinking Water (BSDW) received a request for a third extension of the deadline to submit a Corrective Action Plan to address an ongoing violation of the maximum contaminant level (MCL) for nitrate from the Star Point Trading MHP RV Park (Star Point) on December 30, 2025. The BSDW denied this request and issued a Notice of Formal Enforcement on January 29, 2026. On February 23, 2026, the State Environmental Commission (SEC) received a Request for Administrative Appeal Hearing regarding the Notice of Formal Enforcement and Application for Variance from the nitrate MCL. After further discussion with the BSDW, the Notice of Formal Enforcement was withdrawn and Star Point withdrew the Request for Appeal Hearing. Star Point is still pursuing a variance from the SEC for the MCL for nitrate.

Permanent Regulation R123-24: Bureau of Administrative Services, Office of Financial Assistance - Establishes and revises provisions relating to financial assistance for water projects

R123-24 was adopted by the SEC in January 2026, and proposed the following amendments to the Clean Water State Revolving Fund regulations in Nevada Administrative Code (NAC) chapter 445A:

1. Align with the adoption of Assembly Bill (AB) 20 (82nd Session)
2. Define the term “affordability criteria,”
3. Amend the environmental review process,
4. Amend the administrative fee for loans,
5. Align state regulations with federal regulations, and
6. Clean up outdated language and processes.

The petition was deferred by the Legislative Commission in February 2026 for some additional clarification regarding prevailing wage requirements.

Neither the original or additional proposed changes are expected to have a significant economic impact on the public, the regulated community, or the Division.

Permanent Regulation R145-24: Bureau of Mining Regulation and Reclamation - Interim Fluid Management

R145-24 is proposing updates to the payment schedule to be deposited in the Trust Fund for Short-Term Fluid Management pursuant to NAC 519A.392. The updates will ensure that the balance of the Fund is sufficient to serve its purpose. Language is also proposed to clarify the permissible uses of the Fund (including investment), that other forms of revenue may be received by the Fund (as per NRS 519A.150(4)), and that the proposed payment schedule is suspended during any year during which the Fund balance reaches or exceeds the target of \$15,000,000.

The proposed changes are expected to have some economic impact on the regulated community, and no economic impact on the public or the Division.

Permanent Regulation R146-24: Bureau of Water Quality Planning - Colorado River Salinity and Updates to Names of Waters

R146-24 proposes several changes to NAC 445A to reflect current conditions of stream reaches, existing names of waters, and to assure the most current criteria documents are referenced with regard to water quality standards for salinity of the Colorado River System.

The proposed changes are expected to have minimal economic impact on the public, the regulated community, and the Division.

Permanent Regulation R034-26: Bureau of Sustainable Materials Management - Establishing a Single Regulatory Framework for Hazardous Waste and Hazardous Secondary Materials

R034-26 proposes to establish a single regulatory regime for facilities seeking to manage recyclable materials whether classified as hazardous waste or hazardous secondary materials. This amendment also proposes to establish an annual fee for the Division's oversight of these types of facilities and existing facilities operating under a written determination authorization from the Division and updates some portions of federal requirements adopted by reference.

The proposed changes are expected to have minimal economic impact on the public, the regulated community, and the Division.

Additional Information: Persons wishing to comment on the proposed actions of the SEC may participate in the scheduled public hearing (virtually or by phone) or may address their comments, data, views, or arguments in written form to: State Environmental Commission, 901 South Stewart Street, Suite 4001, Carson City, Nevada 89701-5249. The SEC must receive written submissions at least five days before the scheduled public hearing.

If no person who is directly affected by the proposed action appears to request time to make an oral presentation, the SEC may proceed immediately to act upon any written submissions.

Members of the public can inspect copies of the regulations to be adopted at the State Library and Archives in Carson City (100 Stewart Street), and at the offices of the Division of Environmental Protection in Carson City and Las Vegas. The Carson City office is located at 901 South Stewart Street, Suite 4001 and the Las Vegas office is located at 375 East Warm Springs Road, Suite 200.

As required by the provisions of chapters 233B and 241 of Nevada Revised Statutes, the public notice for this hearing was posted at the following locations: the Bryan Building (901 South Stewart Street, Carson City, Nevada); the offices of the Division of Environmental Protection in Las Vegas (375 East Warm Springs Road, Suite 200), at the State Library and Archives building in Carson City (100 Stewart Street), the Nevada Division of Minerals, 400 W. King Street, Carson City, NV and the Department of Agriculture, 405 South 21st Street, Sparks, NV.

In addition, copies of this notice have been deposited electronically at major library branches in each county in Nevada as specified below. This notice and the text of the proposed regulations will also be available on the SEC's website at: <https://sec.nv.gov/meetings/sec-meeting-april-30-2026>.
